

A Title for the Paper

First Author*

Second Author[†]

June 26, 2026

Abstract

A concise summary of the problem, the approach, and the main result.

1 Introduction

Motivation, contribution, and an outline of the paper. Cite related work like Doe and Smith (2020) or (Doe and Smith, 2020).

2 Method

Definition 1. State definitions here.

Theorem 1. *State the main result here.*

Proof. Sketch or full proof.

□

3 Results

Figure 1 shows an example figure produced by `make_figures.py`.

4 Conclusion

Summarize and point to future work.
